Corps to discuss Dworshak reservoir operations in Orofino, May 2

Orofino, Idaho – Got a question about Dworshak Reservoir? Officials of the Walla Walla District, U.S. Army Corps of Engineers will be available to the public on May 2, at the V.F.W. building here to discuss this summer's operation of Dworshak Dam and Reservoir.

The District's top leadership, members of the Corps' water management elements, the National Marine Fisheries Service, Bonneville Power Administration, and the Idaho Water Resources Board representative will be available to answer questions and provide information, 5 - 7 p.m., at the V.F.W. Post #3296 meeting room, at 330 Michigan Ave.

The purpose is to provide information to the public about the operating plan for Dworshak Reservoir through the summer. The public will have an opportunity to hear about reservoir operations, pool levels and ask questions.

For more information, contact the District Public Affairs Office at (509) 527-7020, Dave Reese, chief of the Hydrology in the Engineering Division, Walla Walla District Office, at (509) 527-7283, or the Eastern Project Office at (509) 751-0240.
